

13 February 2023

**Update on Centurions Perth depot HME equipment.**

Our Perth depot has 2x 16T counter balance forklifts for the purposes of loading and unloading heavy freight.

Anything which does not align with the below limitations will require a crane to unload. Please contact our Customer Service team or your Logistics Coordinator with a minimum of 48 hours' notice of incoming delivery, in order for a crane to be arranged. Our team will respond with a suitable delivery window once the crane has been booked.

**Forklift limitations:**

16T forklift capacity – approx. 15T

Tyre spread – 1900mm max.

Tyre width – 200mm

Tyre height – 90mm
